WWW.PORSCHEFORUM.COM.AU

The Porsche Club of Victoria now has an online Forum.

Ever wanted to just have a chat about your Porsche but no-one to listen?

Ever wanted to find that iconic 356, and needed help knowing what to look for?

Ever had unanswered questions about the marketplace, mechanical issues, or Sunday morning drive suggestions?

Ever have more than your 50 cents worth to offer, and not a place to express it?

Ever wanted to laugh at a youtube link of two young Poms who after being on the Nurburgring Northern Ring for only 7 seconds, slide off on the first corner and stack!?

Whether you contribute yourself, or just read the stories of other's, the PCV www.PorscheForum.com.au is for you.

Our PCV community is full of like minded Porsche-aholics who enjoy conversations light hearted through to tricky technical dissertations, and all with an appropriate dose of good humour and familiar club personality.

Visit the site, have a look around and register!
